

Cinema Leather Folio with Stand (No Magnets) for The new iPad and iPad 2

Enhance your entertainment experience by finding the angle that's just right for you.

Part # P-F8N756

Choose Your View

Enhance your entertainment experience by finding the angle that's just right for you. Simply adjust the stand to your personal preference and sit back and view movies, video, and any other of your favorite content in comfort. When you're finished the cover folds closed to protect the screen with a soft interior lining that's smooth against your device. The slim, lightweight design slips easily into any bag without adding bulk.

Compatibility:

The new iPad
iPad 2

Genuine Leather Finish

The genuine leather construction combines durability with understated elegance for luxurious protection you can feel.

Multiple Viewing Angles

Find the angle just right for you with the adjustable stand that customizes to your personal viewing preference.

Protective Corners

Snap in corners hold your new iPad securely in place and keep it safe from damage. With a minimalist design approach the protective corners quietly fade into the background.

Tab Closure

When you're not using your new iPad, the magnetized tab closure keeps the cover
